According to our records, you have graduated with an Associate's Degree or higher from an accredited College and /or University. CNC allows students with previous degrees to obtain an additional degree with the benefit of financial aid by submitting this form for written approval. This is to ensure your financial aid disbursements are uninterrupted while you are a student meeting satisfactory academic progress in your courses. Students who receive aid for an additional degree are placed on an academic plan. If approved, you are required to complete 100% of your courses each semester with the required graduation grade point average to graduate and only enroll in courses for your degree.

Please explain reason for seeking an additional degree:
